RECOMMENDATIONS

Jasmin Sohi, Marylebone

Conrad and his team at Urang recently carried out kitchen fitting work for me which was done to a very high standard. The job involved completely replastering and painting the walls along with fixing new plasterboard to conceal pipes and merge with the existing walls seamlessly. They also had to fit a very complicated Finnish kitchen which was supplied with no mounting fixings and no instructions.

The standard of the work has been outstanding- as an architect I am very fussy, but Conrad and his team are millimetre-accurate and take the greatest care to ensure that work is done perfectly and to your specifications.
